To Whom It May Concern:

I highly recommend harpist Tiffany Envid to you. Tiffany is an incredibly gifted and skilled musician who has regularly played for me in seasonal concerts for many, many years.

Tiffany can perform any music I have placed in front of her, she is extremely professional and personable in how she relates to directors, other musicians, audiences and the community, and she will make any occasion for which you hire her extraordinary!

Our loss in the Chattanooga metropolitan area is a great gain for the Columbus, Ohio area. We are very sorry to see her go!
